Notes to statistical tables

1. Changes between the 2010-11 and 2011-12 publications

A number of new student headcount tables have been added to supply breakdowns of data that have been requested since the 2010-11 publication.

The full-time equivalent (FTE) student load tables will not be included in the Student Statistics publication from 2011-12 onwards. Instead, they will be published separately on the website of the Planning and Resource Allocation Office (PRAO): first as forecast data in January, following the submission of the Higher Education Students Early Statistics Survey (HESES) to the Higher Education Funding Council for England (HEFCE), and in the following November, when the final data are available after submission of the individualised student record to the Higher Education Statistics Agency (HESA). ¹

Appendix 1 provides lists of removed and new tables as well as a mapping between table names in the 2010-11 and 2011-12 publications.

2. General

2.1. Student headcount data census date

All headcount data for matriculated students are as at 1 December 2011. This is the census date for the Higher Education Students Early Statistics Survey.

For non-matriculated students the data are based on the HESA reporting period. The University makes an annual return to HESA, which provides more detailed information on individual students and covers the period 1 August 2011 to 31 July 2012. This is because many of these students attend courses that are of less than one year in duration and it is more accurate to present their data as a count over the course of one year, rather than as a snap shot at 1 December.

2.2. Coverage of the tables

The following groups of students are excluded from all of the tables:

- students who, at the census date, are on intermission;
- students aiming for a Ph.D. by Special Regulations;
- students who are entered for an examination only, i.e., are not attending a course;
- students reading the M.Res. in Photonic Systems Development who are registered students at University College London (the course is delivered jointly by Cambridge and UCL).

Most of the tables with the exception of the Headline statistics and All student headcount tables do not include students who are not required to matriculate, i.e. who are not members of a Cambridge College.

Matriculation marks the formal admission of a student to membership of the University. To qualify for matriculation, a student must have been admitted to a College and, unless a Graduate Student or an Affiliated Student, must satisfy the examination requirements for

¹ For a link to the student load publications see the Student Statistics Office website at http://www.admin.cam.ac.uk/offices/planning/sso/

matriculation. Statue B, I, 1 (a)-(d) and Chapter II of Ordinances provide a list of persons qualified to matriculate.

Students on the following courses are not required to matriculate nor be admitted as a member of a Cambridge College:

- Certificate and diploma courses delivered by the Institute of Continuing Education;
- INSET (In-Service Education and Training) courses delivered by the Faculty of Education;
- Certificate in Theology for Ministry;
- · Postgraduate Diploma in Entrepreneurship;
- Postgraduate Certificate in Sustainable Business.

2.3. Fee eligibility

Fee eligibility categories reported in the tables are as follows:

- Home students with qualifying residence² in the UK:
- EU students with qualifying residence in the EEA (comprises the 27 countries of the EU plus Iceland, Norway and Liechtenstein) or Switzerland;
- Islands students with qualifying residence in the Isle of Man or the Channel Islands;
- Overseas students who do not have qualifying residence in the categories above.

2.4. Mode of study

Students are classified as 'full-time' if they are undertaking a full-time course and are neither writing up nor under examination nor intermitting.

Students are classified as 'part-time' if they are undertaking a part-time course and are neither writing up nor under examination nor intermitting.

The 'writing up/under examination' category refers to postgraduate students who have completed the minimum requirements of their course but who have either not yet submitted their dissertation or have not yet had their degree approved. Such students are not required to be in attendance at the University.

2.5. Level of study

The headings 'Undergraduate/Postgraduate' in these tables are as defined by HEFCE and HESA. A complete list of courses designated 'undergraduate' or 'postgraduate' is shown in Appendix 2.

The headings 'PGT/PGR' in these tables are as defined by HEFCE and HESA. A complete list of courses designated 'taught' or 'research' is shown in Appendix 3.

2.6. Current intake

Current intake for headcount tables is defined as students admitted to their course in the twelve months since the preceding 1 December census date. For postgraduate students this definition includes students admitted in the Lent, Easter and Michaelmas terms preceding the census date.

² For definitions of qualifying residence for each of the fee eligibility categories please consult The Education (Fees and Awards) (England) Regulations 2007.

3. Time series tables

3.1. Changes in definitions and census dates

Up to and including 1993–94, the definitions of UGC/UFC (the bodies that preceded HEFCE) have been used in cumulative tables; the figures were calculated at the UGC/UFC census date of 31 December. In and after 1994–95, HEFCE/HESA definitions have been used, and the baseline has been 1 December.

One of the areas affected by these changes in definition is categorisation of mode of study for postgraduate students. Up to and including 1993-94 postgraduate students were classified as 'not full-time' if they were:

- undertaking a part-time course;
- either writing up or under examination;
- intermitting their course of study;
- students holding established University posts;
- research assistants financed from Research Council grants or research contracts.

Between 1995-95 and 2005-06 postgraduate students were classified as 'not full-time' if they:

- were undertaking a part-time course;
- had completed the minimum requirements of their course and were not intermitting, i.e., they were either writing up or under examination.

Between 2006-07 and 2009-10 'not full-time' category was further divided into 'full-time writing up/under exam', 'part-time' and 'part-time writing up/under exam'.

From 2010-11 categories 'full-time writing up/under exam' and 'part-time writing up/under exam' have been combined into one category 'writing up/under exam'.

3.2. Temporal scope of time series tables

Most of the time series tables show data for the last twenty years only. For older data, please refer to previous publications or contact the Student Statistics Office (for contact details see 'Further information' below). However, for some of the tables it has not been possible to access data for the whole twenty-year period; therefore, for these tables the time series starts from the year in which a particular breakdown of the data became available.

3.3. Impact of European Union expansion on Home/Overseas student distribution

On 1 May 2004, the following countries were granted full EU membership: Cyprus, the Czech Republic, Estonia, Hungary, Latvia, Lithuania, Malta, Poland, Slovakia, and Slovenia. In and after 2005–06, students from those countries are classified as Home/EU, not Overseas. On 1 January 2006, Bulgaria and Romania were granted full EU membership. Students from those countries are classified as Home/EU in and after 2007–08.

3.4 Impact of reclassification of postgraduate courses from 'research' to 'taught'

The following courses were reclassified from 'research' to 'taught' in January 2011:

- MPhil in Advanced Computer Science;
- MPhil in Economic Research;
- MPhil in Economics;

- MPhil in Innovation, Strategy and Organisation;
- MPhil in Management Science & Operations.

This reclassification leads to an increase in the number of postgraduate taught students and a corresponding decrease in the number of postgraduate research students in comparison with 2010-11 data.

4. All student headcount tables

4.1. Graduate and postgraduate students

Within the University of Cambridge, students enrolled on a postgraduate-level course are further divided on the basis of the student's course of study, whereby some students are registered as graduate students and others are not. Tables that present data by course of study reflect this division under the respective headings 'Graduate students' and 'Postgraduate students'.

4.2. Affiliated students and Cambridge graduates reading triposes

'Affiliated student' is defined as any person who, before matriculation in the University of Cambridge, has received or was qualified to receive a degree from another institution of higher education, subject to approval. Students who already hold a Cambridge degree are thus excluded from this definition and are recorded as 'Cambridge graduates reading triposes'. These definitions are not used by HEFCE/HESA.

5. Undergraduate headcount tables

5.1. Categories of students included

The undergraduate tables include students aiming for the following qualifications:

- B.A., M.Eng., M.Math., M.Sci., B.Th. or Mus.B.;
- Clinical Medicine (M.B.);
- Clinical Veterinary Medicine (Vet.M.B.).

The undergraduate tables also include students reading Triposes who are not aiming for a qualification because they already hold a Cambridge degree that prevents them from being awarded a B.A. These students are described in the tables as 'Cambridge graduates reading Triposes' (see note 2.2).

The undergraduate headcount tables include outgoing exchange students (ERASMUS, MIT and NUS) and other students studying or working abroad as part of their course.

5.2. Categories of students excluded

Incoming exchange and other visiting students are excluded from most undergraduate headcount tables, with the exception of Tables UG_HC_01, UG_HC_02, UG_HC_03c, UG_HC_05c and UG_HC_10.

5.3. Pre-clinical medical and veterinary students

Pre-clinical medical and veterinary students read the Medical and Veterinary Sciences Tripos in years one and two, but read a different Tripos in year three. In all tables they are included under the respective headings 'Medicine (pre-clinical)' or 'Veterinary Medicine (pre-clinical)'.

irrespective of the Tripos examination for which they were entered in their final year with the exception of Tables UG_HC_03a and UG_HC_05a, which gives a breakdown of numbers by the actual Tripos read.

6. Postgraduate headcount tables

6.1. Categories of students included or excluded from these tables

The postgraduate tables include data for all matriculated students on postgraduate-level courses.

Visiting ERASMUS exchange and other visiting students are excluded from all postgraduate headcount tables with the exception of Table PG_HC_21.

Postgraduate students who have completed the minimum requirements of their course, i.e. are recorded as 'writing up/under exam', are reported in a single, separate category, regardless of whether their mode of study prior to writing up was full-time or part-time.

6.2. Doctorate and Master level courses

The level of study reported for postgraduate degrees is as follows:

- Doctorate level: Ph.D., Eng.D., Ed.D., probationary Ph.D. and C.P.G.S.
- Masters level: M.Litt., M.Sc., M.Phil., M.Res., M.St., M.Ed., M.B.A., Executive M.B.A., M.Fin., LL.M., M.A.St., M.Mus., P.G.C.E. and various postgraduate-level Diplomas.

All doctorate-level courses are research courses and are presented together in the same tables. Masters-level courses are presented in separate tables depending on whether the course is classified as 'research' or as 'taught' (see Appendix 3 for details).

Most students studying for a Ph.D. or Eng.D. qualification are required to complete a probationary year, and are initially registered either for the Certificate of Postgraduate Study (C.P.G.S.) or for a probationary Ph.D. For further information about routes to the Ph.D. see www.admin.cam.ac.uk/univ/gsprospectus/study/research/phd.html.

6.3. Faculties/departments

Most of the postgraduate headcount tables provide a breakdown by School and Faculty/Department.

The breakdown by Faculty/Department is on the basis of each course's record in CamSIS, the University's student record system, where all postgraduate courses are recorded as having only one owning Academic Organisation (Faculty, Department or Institution).

7. Colleges tables

Please note that new college tables have been added in 2011-12 publication to provide data on full-time and part-time students separately. See Appendix 1 for the mapping between the 2010-11 and 2011-12 tables.

8. Bio-demographic tables

8.1. Nationality

If a student holds more than one nationality, then the nationality given as the primary nationality is reported. This differs from the HESA definition.³

Students whose nationality is recorded as the 'Isle of Man' or 'Channel Islands' are reported as UK nationals.

8.2. Domicile

Domicile is defined as the country of normal residence, i.e. the country of the student's permanent or home address prior to entry to the current programme of study. It does not necessarily equate with the definition of qualifying residence used to determine fee eligibility (see note 2.3.).

8.3. Ethnicity and disability

Ethnicity and disability data are as reported on the basis of the student's self-assessment.

Please note that new ethnicity and disability tables have been added in 2011-12 publication to provide data on current intake students. See Appendix 1 for the mapping between the 2010-11 and 2011-12 tables.

9 Undergraduate examination results tables

9.1. Census date for examination results

The census date for this publication is 31 July of each academic year and the tables do not reflect any amendments to the results made at a later date. Thus, the results of the candidates who, on 31 July, were not classed and were still awaiting a decision from the Applications Committee are not included in any of the tables. If a candidate successfully resat all the failed components of their examination by 31 July, their results are included in the relevant class category; otherwise their results are included in the 'Other category' (see note 9.5 below).

9.2. Categories of results included or excluded

The examination results tables include only the results of the examinations leading to B.A., M.Eng., M.Math. and M.Sci. qualifications (Tripos results) and the examinations leading to M.B. and Vet.M.B. qualifications (Final M.B. and Final Vet.M.B. examination results).

All of the examination results tables exclude:

- candidates who took examinations but were not aiming for a qualification, e.g. all incoming exchange and other visiting students and Cambridge graduates reading Triposes;
- candidates for oral examinations in Modern and Medieval Languages, Asian and Middle Eastern Studies and Oriental Studies;

³ HESA instructions on how to code dual nationality are as follows: 'If dual nationality including UK, code as United Kingdom. If dual nationality including non-UK EC country, then classify with relevant EC country code. If neither UK nor EC country, then classify by either nationality.'

9.3. Tripos system

Cambridge undergraduate courses leading to a B.A. qualification are commonly referred to as Triposes. Most Triposes are divided into 'Parts' lasting one or two years:

- in some subjects there is a two-year Part I (often divided into Part IA and Part IB) and a one-year Part II;
- in others a one-year Part I is followed by a two-year Part II;
- in Engineering, Mathematics and some science subjects there is also a further one-year Part (Part IIB or Part III) that leads to an M.Eng., M.Math. or M.Sci. qualification.

Each Part of the Tripos is self-contained, i.e., there is no averaging of Tripos results to give an overall class for the degree awarded.

9.4. Classified and unclassified examinations

Most of the Tripos examinations are classified, i.e., the names of successful candidates are arranged in three classes, of which the second class can be divided into two divisions or can remain undivided. However, there are several Tripos examinations that are unclassified, i.e., the names of successful candidates are arranged in one class and it is noted if a candidate has passed with distinction or merit:

- Computer Science Tripos, Part III;
- Engineering Tripos, Part IIB;
- · Manufacturing Engineering Tripos, Part IIB;
- Mathematical Tripos, Part III.

All Parts of the Final M.B. and Final Vet.M.B. examinations are unclassified.

9.5. Other results

The heading 'Other results' in all examination result tables includes, but does not differentiate between:

- candidates who failed their examinations:
- candidates for Part II and Part III of Final M.B. and Part III of Final Vet.M.B. examinations who failed any part of these examinations;
- candidates who have received allowances (deemed to have deserved honours (DDH) or were granted an allowance towards the Ordinary degree) or have been permitted to take a reduced number of examinations by the Applications Committee of the Council. Allowances may be granted to candidates who have been ill or who have other extenuating circumstances and have thus been prevented from taking an examination or whose performance has been adversely affected as a consequence.

9.6. Modern and Medieval Languages Tripos Part IA

The class obtained in each language by candidates for Part IA of the Modern and Medieval Languages Tripos has been counted as half a class. This explains why in some tables the numbers of candidates under each class division for this Tripos and in the totals are not whole units.

9.7. Pre-clinical medical and veterinary students

Third-year pre-clinical medical and veterinary students are included under the Tripos examination for which they were entered (see note 5.3 for more details).

10 Degrees tables

2011-12 publication provides degree tables for both the preceding (2010-11) and the current (2011-12) HESA reporting period.

10.1. Conferred degrees

Table DG_01 provides the number of degrees conferred. It does not include information about qualifications that are awarded rather than conferred, for example the Postgraduate Certificate in Education (P.G.C.E.).

10.2. Completed degrees

Table DG_02 provides the number of degrees completed. Completion of the degree indicates that the candidate successfully fulfilled all academic requirements for their degree and can therefore proceed to having the degree conferred or awarded. It does not mean that the candidate has necessarily had the degree conferred or awarded – thus there is a discrepancy between the numbers given in Tables DG_01 and DG_02.

11. Further information

Questions about these tables, or the approach to the statistics, should be addressed to:

2011-12	476	53.1%	421	46.9%	897			

Notes on Tables TS_01 and TS_01a:

- 1) Prior to 2006-07 the data for postgraduate students were divided into 'full-time' and 'not full-time' categories. As the definition of 'not full-time' students has always been wider than the definition of 'part-time' students (see note 3.1 (page 3) on the changes of definitions over time), it is not possible to present the data for part-time postgraduate students for the years before 2006-07.
- 2) Prior to 2010-11 direct entrants to the Certificate in Advanced Study in Mathematics (C.A.S.M.), an undergraduate-level qualification, were included in the undergraduate section of the Table TS_01. In 2010-11 C.A.S.M. was replaced with two new qualifications: the M.Math qualification for students continuing from the B.A. course on an integrated masters programme and the Master in Advanced Study (M.A.St.) qualification for direct entrants. From 2010-11 students studying for the M.Math are included in the undergraduate section, but students studying for the M.A.St. are included in the postgraduate section of the Table TS_01. In 2009-10 there were 140 direct entrants to the C.A.S.M. course and in 2010-11 there were 181 students on the M.A.St. course.
- 3) Postgraduate students writing up/under examination are excluded from these tables for all years.
- 4) Non-matriculated students are excluded from these tables for all years (see note 2.1 (page 1) for the definition of non-matriculated students).
- 5) Undergraduate and postgraduate exchange and other visiting students are included in these tables for all years.
- 6) Affiliated undergraduate students and Cambridge graduates reading Triposes are included in these tables for all years.
- 7) In 2009-10 students reading the Diploma in Theology and Religious Studies (5 students) are included in the undergraduate student data, but in all other years the students on this course are included in the postgraduate section.

TS 02a: Part-time student numbers admitted to their current courses in October in the years 2006-2011 by gender

	POSTGRADUATES							
	Men	%	Women	%	Total			
2006-07	39	42.4%	53	57.6%	92			
2007-08	63	34.4%	120	65.6%	183			
2008-09	92	33.8%	180	66.2%	272			
2009-10	170	46.2%	198	53.8%	368			
2010-11	135	40.9%	195	59.1%	330			
2011-12	212	44.7%	262	55.3%	474			

Notes on Tables TS_02 and TS_02a:

1) Prior to 1992-93 the data for the current intake of postgraduate students were not broken down into 'full-time' and 'not full-time' categories, therefore the data for those years are not included in these tables. Between 1992-93 and 2006-07 the data for postgraduate students were broken down into 'full-time' and 'not full-time' categories. As the definition of 'not full-time' students is wider than the definition of 'part-time' students (see note 3.1 (page 3) on the changes of definitions over time), it is not possible to present the data for part-time postgraduate students for the years before 2006-07.
2) Prior to 2010-11 direct entrants to the Certificate in Advanced Study in Mathematics (C.A.S.M.), an undergraduate-level qualification, were included in the undergraduate section of Table TS_02. In 2010-11 CASM was replaced with two new qualifications: the M.Math qualification for students continuing from the B.A. course on an integrated masters programme and the Master in Advanced Study (M.A.St.) qualification for direct entrants. From 2010-11 students studying for the M.Math are included in the undergraduate section, but students studying the M.A.St. are included in the postgraduate section of the Table TS_02. In 2009-10 there were 140 direct entrants to the C.A.S.M. course and in 2010-11 there were 181 students on the M.A.St. course.

- 3) For postgraduate students the current intake in these tables includes only the students who were admitted to their course in October of a given academic year and excludes the students who were admitted during the previous Lent and Easter Terms (in 2011-12 this category incldued 163 full-time and 67 part-time postgraduates).
- 4) Postgraduate students writing up/under examination are excluded from these tables for all years.
- 5) Non-matriculated students are excluded from these tables for all years (see note 2.1 (page 1) for the definition of non-matriculated students).
- 6) Undergraduate and postgraduate exchange and other visiting students are included in these tables for all years.
- 7) Affiliated undergraduate students and Cambridge graduates reading Triposes are included in these tables for all years.
- 8) In 2009-10 students reading the Diploma in Theology and Religious Studies (5 students) are included in the undergraduate student data, but in all other years the students on this course are included in the postgraduate section.

Notes on Tables TS_03 and TS_03a:

¹⁾ Prior to 2006-07 the data for postgraduate students were divided into 'full-time' and 'not full-time' and 'not full-time' students has always been wider than the definition of 'part-time' students (see note 3.1 (page 3) on the changes of definitions over time), it is not possible to present the data for part-time postgraduate students for the years before 2006-07.

²⁾ Prior to 2010-11 direct entrants to the Certificate in Advanced Study in Mathematics (C.A.S.M.), an undergraduate-level qualification, were included in the undergraduate section of the Table TS_03. In 2010-11 C.A.S.M. was replaced with two new qualifications: the M.Math qualification for students continuing from the B.A. course on an integrated masters programme and the Master in Advanced Study (M.A.St.) qualification for direct entrants. From 2010-11 students studying for the M.Math are included in the undergraduate section, but students studying the M.A.St. are included in the postgraduate section of the Table TS_03.

³⁾ Please see note 3.3 (page 4) for details about changes in Home/Overseas distribution due to EU enlargement.

⁴⁾ Postgraduate students writing up/under examination are excluded from these tables for all years.

⁵⁾ Non-matriculated students are excluded from these tables for all years (see note 2.1 (page 1) for the definition of non-matriculated students).

⁶⁾ Undergraduate and postgraduate exchange and other visiting students are included in these tables for all years.

⁷⁾ Affiliated undergraduate students and Cambridge graduates reading Triposes are included in these tables for all years.

⁸⁾ In 2009-10 students reading the Diploma in Theology and Religious Studies (5 students) are included in the undergraduate student data, but in all other years the students on this course are included in the postgraduate section.

2011-12	410	86.5%	1	0.2%	63	13.3%	474	

Notes on Tables TS_04, TS_04a and TS_4b:

1) Prior to 1992-93 the data for the current intake of postgraduate students were not broken down into 'full-time' and 'not full-time' categories, therefore the data for those years are not included in these tables. Between 1992-93 and 2006-07 the data for postgraduate students were broken down into 'full-time' students is wider than the definition of 'part-time' students (see note 3.1 (page 3) on the changes of definitions over time), it is not possible to present the data separately for full-time and part-time postgraduate students for the vears before 2006-07.

2) Prior to 2010-11 direct entrants to the Certificate in Advanced Study in Mathematics (C.A.S.M.), un undergraduate-level qualification, were included in the undergraduate section of the Table TS_04. In 2010-11 C.A.S.M. was replaced with two new qualifications: the M.Math qualification for students continuing from the B.A. course on an integrated masters programme and the Master in Advanced Study (M.A.St.) qualification for direct entrants. From 2010-11 students studying for the M.Math are included in the undergraduate section, but students studying the M.A.St. are included in the postgraduate section of the Table TS_04. In 2009-10 there were 140 direct entrants to the C.A.S.M. course and in 2010-11 there were 181 students on the M.A.St. course.

3) For postgraduate students the current intake in these tables includes only the students who were admitted to their course in October of a given academic year and excludes the students who were admitted during the previous Lent and Easter Terms (163 full-time and 67 part-time postgraduates).

⁴⁾ Please see note 3.3 (page 4) for details about changes in Home/Overseas distribution due to EU enlargement.

⁵⁾ Postgraduate students writing up/under examination are excluded from these tables for all years.

⁶⁾ Non-matriculated students are excluded from these tables for all years (see note 2.1 (page 1) for the definition of non-matriculated students).

⁷⁾ Undergraduate and postgraduate exchange and other visiting students are included in these tables for all years.

⁸⁾ Affiliated undergraduate students and Cambridge graduates reading Triposes are included in these tables for all years.

⁹⁾ In 2009-10 students reading the Diploma in Theology and Religious Studies (5 students) are included in the undergraduate student data, but in all other years the students on this course are included in the postgraduate section.

Notes on Table ALL_HC_01:

^{*} Data in the 'Writing up' column presents all postgraduate students who have completed the minimum requirements of their course and are either writing up or under exam regardless of their mode of study (full-time or part-time).

¹⁾ See Section 4 of the 'Notes to statistical tables' (page 4) for definitions of graduate vs. postgraduate students, affiliated students and Cambridge graduates reading triposes.

²⁾ See note 2.1 (pge 1) for definition of matriculated and non-matriculated students.

^{3) &#}x27;PGT' refers to graduate and postgraduate students on taught courses; 'PGR' referes to graduate and postgraduate students on research courses.

⁴⁾ Students following part-time courses at the Cambridge Programme for Sustainability Leadership are excluded from this table.

Notes on Table UG_HC_01:

Following introduction of variable tuition fees in the academic year 2006-07, the fee band tables include students:
a) paying the University composition fee at the rate appropriate for students who started courses (or associated pre-clinical courses) before October 2006 or who deferred entry to October 2007 under the heading '1997 fees';

b) paying the higher rate of fee for new entrants in and after October 2006 under the heading '2006 fees'.

The 'Home/EU ELQ fee' is a higher rate of fee charged to some Home/EU students studying for a qualification that is equal or lower to a qualification already held.

^{**} The 'Home/EU Co-funded fee' is a rate of fee charged to some Home/EU students studying for a qualification that is equal or lower to a qualification already held on courses for which the University receives part-funding from employers.

^{***} Incoming and outgoing ERASMUS students as well as incoming students on MIT and NUS exchange programmes do not pay fees.

^{****} Students in these categories are charged a Home rate of fee, despite not having Home fee eligibility.

Notes on Table UG_HC_03:

^{*} Students admitted to read Chemical Engineering initially read either Engineering or Natural Sciences in their first year and proceed to read Chemical Engineering in subsequent years. They are recorded under the respective headings 'Chemical Engineering via Engineering' and 'Chemical Engineering via Natural Sciences'. Students who are not admitted to read Chemical Engineering, but later transfer from another Tripos or students who directly enter Part IIA of the Chemical Engineering Tripos (i.e. affiliated students or Cambridge graduates reading Triposes) are recorded under the heading 'Chemical Engineering'.

¹⁾ Incoming exchange and other visiting students are excluded from this table.

Notes on Table UG_HC_07:

^{*} Students admitted to read Chemical Engineering initially read either Engineering or Natural Sciences in their first year and proceed to read Chemical Engineering in subsequent years. They are recorded under the respective headings 'Chemical Engineering via Engineering' and 'Chemical Engineering via Natural Sciences'. Students who are not admitted to read Chemical Engineering, but later transfer from another Tripos or students who directly enter Part IIA of the Chemical Engineering Tripos (i.e. affiliated students or Cambridge graduates reading Triposes) are recorded under the heading 'Chemical Engineering'.

¹⁾ Incoming exchange and other visiting students are excluded from this table.

^{2) &#}x27;Year of study' relates to the number of years, excluding any periods of intermission, that a student has attended their current course from the time of admission and does not necessarily correspond to the year of the programme. For example, medical and veterinary students who have kept one to three terms since being admitted to the clinical part of their course are recorded as 'Year 1' even though they are on the fourth year of their programme.

Notes on Table UC_HC_08:

^{*} Students admitted to read Chemical Engineering initially read either Engineering or Natural Sciences in their first year and proceed to read Chemical Engineering in subsequent years. They are recorded under the respective headings 'Chemical Engineering via Engineering' and 'Chemical Engineering via Natural Sciences'.

¹⁾ Incoming exchange and other visiting students are excluded from this table.

²⁾ Age group is based on the age at the time of admission. The following definition is used where tables are split between young and mature students: Young students are those who are aged under 21;
Mature students are those who are aged 21 or over.

UG_HC_09: Undergraduate students admitted to their current course in October 2011 by subject by age group by highest qualification on entry, 2011-12

Notes on Table UC_HC_09:

Mature students are those who are aged 21 or over.

^{*} Students admitted to read Chemical Engineering initially read either Engineering or Natural Sciences in their first year and proceed to read Chemical Engineering in subsequent years.

They are recorded under the respective headings 'Chemical Engineering via Engineering' and 'Chemical Engineering via Natural Sciences'.

¹⁾ Incoming exchange and other visiting students are excluded from this table.

²⁾ Age group is based on the age at the time of admission. The following definition is used where tables are split between young and mature students: **Young** students are those who are aged under 21;

- Notes on Table PG_HC_05:

 1) Visiting ERASMUS exchange and other visiting postgraduate students are excluded from this table.

 2) Postgraduates writing up/under examination are included in this table.

 3) 'PGT' refers to graduate and postgraduate students on taught courses; 'PGR' referes to graduate and postgraduate students on research courses.

 4) The 'Home/Islands' category includes 3 PGT and 9 PGR students with Islands fee eligibility.

PG_HC_06: Postgraduate students admitted to their current course in the previous twelve months by School by Faculty/Department by level of study by fee eligibility, 2011-12

Notes on Table PG_HC_07:

^{*} Most students studying for a Ph.D. or Eng.D. qualification are required to complete a probationary year and are initially registered either for the Certificate of Postgraduate Study (C.P.G.S.) or for a probationary Ph.D. (Prob.). This column shows the number of students on a probationary year for each faculty/department and is a subset of the 'Total' column.

1) Doctorate-level students include matriculated full-time and part-time students reading for the Ph.D., Ed.D., probationary Ph.D. and C.P.G.S.

2) Visiting ERASMUS exchange and other visiting postgraduate students are excluded from this table.

PG_HC_08: Doctorate-level postgraduate students admitted to their current course in the previous twelve months by School by Faculty/Department by mode of study by gender, 2011-12

Notes on Table PG_HC_09:

^{*} Most students studying for a Ph.D. or Eng.D. qualification are required to complete a probationary year, and are initially registered either for the Certificate of Postgraduate Study (C.P.G.S.) or for a probationary Ph.D. (Prob.). This column shows the number of students on a probationary year for each faculty/department and is a subset of the 'Total' column.

¹⁾ Doctorate-level students include matriculated full-time and part-time students reading for the Ph.D., Ed.D., probationary Ph.D. and C.P.G.S.

²⁾ Visiting ERASMUS exchange and other visiting postgraduate students are excluded from this table.

³⁾ The 'Home/Islands' category includes 7 full-time students with Islands fee eligibility (2 students at Department of Chemistry and 1 student each at the Faculty of English, Faculty of History, Institute of Astronomy, Department of Experimental Psychology and Department of Materials Science and Metallurgy).

PG_HC_10: Doctorate-level postgraduate students admitted to their current course in the previous twelve months by School by Faculty/Department by mode of study by fee eligibility, 2011-12

Notes on Table PG_HC_12:

1) Research Masters-level students include matriculated full-time and part-time students reading for the M.Litt., M.Sc., M.Phil., M.Res., M.St., M.Ed. and various postgraduate level Diplomas.

2) See Appendix 3 for the breakdown of research and taught Masters courses.

3) Visiting ERASMUS exchange and other visiting postgraduate students are excluded from this table.

4) Current intake includes students admitted to their current course in the twelve months preceding the 1 December.

PG_HC_13: Research Masters-level postgraduate students by School by Faculty/Department by mode of study by fee eligibility, 2011-12

- Notes on Table PG_HC_14:

 1) Research Masters-level students include matriculated full-time and part-time students reading for the M.Litt., M.Sc., M.Phil., M.Res., M.St., M.Ed. and various postgraduate level Diplomas.

- 2) See Appendix 3 for the breakdown of research and taught Masters courses.
 3) Visiting ERASMUS exchange and other visiting postgraduate students are excluded from this table.
 4) The 'Home/Islands' category includes 2 students with Islands fee eligibility (1 full-time student at the Department of Politics and International Studies and 1 part-time student at the Department of Architecture).

Notes on Table PG_HC_16:

¹⁾ Taught Masters-level students include matriculated full-time and part-time students reading for the M.Phil., M.St., M.B.A., Executive M.B.A., M.Fin., LL.M., M.A.St., M.Mus., P.G.C.E. and various postgraduate level Diplomas.

²⁾ See Appendix 3 for the breakdown of research and taught Masters courses.
3) Visiting ERASMUS exchange and other visiting postgraduate students are excluded from this table.
4) Current intake includes students admitted to their current course in the twelve months preceding the 1 December.

Notes on Table PG_HC_19:

1) Visiting ERASMUS exchange and other visiting postgraduate students are excluded from this table.

2) Most students studying for a Ph.D. or Eng.D. qualification are required to complete a probationary year, and are initially registered either for the Certificate of Postgraduate Study (C.P.G.S.) or for a probationary Ph.D.

PG_HC_20: Postgraduate students admitted to their current course in the previous twelve months by course of study by degree type by mode of study by fee eligibility, 2011-12

Notes on Table PG_HC_20:

- Visiting ERASMUS exchange and other visiting postgraduate students are excluded from this table.
 Current intake includes students admitted to their current course in the twelve months preceding the 1 December.
- 3) Most students studying for a Ph.D. or Eng.D. qualification are required to complete a probationary year, and are initially registered either for the Certificate of Postgraduate Study (C.P.G.S.) or for a probationary Р́h.D.

Notes on Table COL_HC_11:

¹⁾ Incoming exchange and other visiting students are excluded from this table.

²⁾ Mature students are defined as students who were aged 21 or over at the time of admission.

³⁾ Medical and veterinary students obtain a B.A. for the pre-clinical part of their course and are recorded as a new admission when they enrol on the clinical part of their course. Therefore for these students age at time of admission indicates the age when students started the clinical part of their course, not the age at the time of admission to their pre-clinical course. Thus the majority of medical and veterinary students starting the clinical part of their course will be defined as mature students.

⁴⁾ The 'Previous degree' category in Table COL_HC_11 includes all affiliated students, Cambridge graduates reading triposes, medical and veterinary students on the clinical part of their course and students reading the Graduate Course in Medicine. It also includes students undertaking any other course who had already obtained a previous Higher Education degree at the time of admission to their course.

Notes on Table BIO_04:
* Denotes Commonwealth countries.

^{*} Denotes Commonwealth countries.

1) This table presents data for part-time students only.

2) Students whose nationality is recorded as the Isle of Man, Channel Islands or British Nationals (Overseas) are reported as UK nationals, on the grounds that they all hold a type of Biritish nationality under British Nationality Law.

3) If a student holds more than one nationality, then the nationality given as the primary nationality is reported.

4) Postgraduates writing up/under examination are excluded from this table.

5) Postgraduate ERASMUS exchange and other visiting students are excluded from this table.

BIO_05: All full-time student numbers by domicile by type of degree, 2011-12

- Notes on Table BIO_05:

 * Denotes Commonwealth countries.

 1) This table presents data for full-time students only.

 2) Domicile (country of normal residence) is taken here to be the country of the student's permanent or home address prior to entry to the current programme of study.

 3) UK-domiciled sub-total includes students who are domiciled in England, Scotland, Wales, Northern Ireland, the Isle of Man and the Channel Islands.

- Notes on Table BIO_07:

 * Denotes Commonwealth countries.

 1) This table presents data for full-time students only.

 2) Domicile (country of normal residence) is taken here to be the country of the student's permanent or home address prior to entry to the current programme of study.

 3) UK-domiciled sub-total includes students who are domiciled in England, Scotland, Wales, Northern Ireland, the Isle of Man and the Channel Islands.

 4) Postgraduates writing up/under examination are excluded from this table.

 5) Incoming exchange and other visiting students are excluded from this table.

- Notes on Tables BIO_13 and BIO_14:

 1) Ethnicity data are as reported on the basis of the student's self-assessment.

 2) The numeric codes and descriptions of ethnicity categories are as defined by the Higher Education Statistical Agency (HESA).

 3) Students who have reported ethnicity as 'Arab' or 'Gypsy Traveller' have been included in the 'Other Ethnic background' category.
- 4) Postgraduates writing up/under examination are excluded from these tables.
- 5) Incoming exchange and other visiting students are excluded from these tables.

Notes on Tables BIO_19 and BIO_20:

- 1) Disability data are as reported on the basis of the student's self-assessment.
- 2) The numeric codes and descriptions of disability categories are as defined by the Higher Education Statistical Agency (HESA).
- 3) In 2010-11 HESA introduced an updated list of disability categories with new numeric codes. As disability categories are reported on the basis of students' self-assessment, the old categories (02-11) are reported for students who have not updated their disability data since October 2010.

Notes on Tables BIO_21 and BIO_22:

- 1) Disability data are as reported on the basis of the student's self-assessment.
- 2) The numeric codes and descriptions of disability categories are as defined by the Higher Education Statistical Agency (HESA).

 3) In 2010-11 HESA introduced an updated list of disability categories with new numeric codes. As disability categories are reported on the basis of students' self-assessment, the old categories (02-11) are reported for students who have not updated their disability data since October 2010.
- 4) Postgraduates writing up/under examination are excluded from these tables.
- 5) Incoming exchange and other visiting students are excluded from these tables.

Notes on Tables BIO_31 and BIO_32:

¹⁾ Medical and veterinary students obtain a B.A. for the pre-clinical part of their course and are recorded as a new admission when they enrol on the clinical part of their course. Therefore for these students age at time of admission shown in Tables BIO_31 and BIO_32 indicates the age when students started the clinical part of their course, not the age at the time of admission to their pre-clinical course.

²⁾ The 'Previous degree' category in Tables BIO_31 and BIO_32 includes all affiliated students, Cambridge graduates reading triposes, medical and veterinary students on the clinical part of their course and students reading the Graduate Course in Medicine. It also includes students undertaking any other course who had already obtained a previous Higher Education degree at the time of admission to their course.

3) Incoming exchange and other visiting students are excluded from these tables.

Notes on Table EXM_01:

^{*} The last parts of these Triposes (Part III of the Computer Sciences Tripos and Mathematical Tripos, Part IIB of the Engineering Tripos and Manufacturing Engineering Tripos) are unclassified and are thus excluded from this table. See Table UNI 07 for the results of these Triposes.

¹⁾ The class obtained in each language by candidates for Part IA of the Modern and Medieval Languages Tripos has been counted as half a class, thus the numbers of candidates in some class categories for this Tripos and in the totals are not whole units.

²⁾ Pre-clinical medical and veterinary students read the Medical and Veterinary Sciences Tripos in years one and two, but read a different Tripos in year three. In the third year they are included under the Tripos examination for which they were entered.

EXM_02: Classified Tripos examination results by gender, 2012

Notes on Table EXM 02:

* The last parts of these Triposes (Part III of the Computer Sciences Tripos and Mathematical Tripos, Part IIB of the Engineering Tripos and Manufacturing Engineering Tripos) are unclassified and are thus excluded from this table. See Table UNI_08 for the results of these Triposes by gender.

1) The class obtained in each language by candidates for Part IA of the Modern and Medieval Languages Tripos has been counted as half a class, thus the numbers of candidates in some class categories for this Tripos and in the totals are not whole units.

2) Pre-clinical medical and veterinary students read the Medical and Veterinary Sciences Tripos in years one and two, but read a different Tripos in year three. In the third year they are included under the Tripos examination for which they were entered.

Mathematical Tripos, Part III	43	58.9%	9	64.3%	21	28.8%	4	28.6%	9	12.3%	1	7.1%	-	0.0%	-	0.0%	73	83.9%	14	16.1%
Total	95	32.3%	27	32.5%	133	45.2%	38	45.8%	64	21.8%	18	21.7%	2	0.7%	-	0.0%	294	78.0%	83	22.0%

Notes on Tables EXM_03 and EXM_04:

- 1) Part III of the Computer Science Tripos is a new, unclassified Tripos part introduced in 2011-2012.
- 2) The University recognises that in Part III of the Mathematical Tripos both a Pass with Distinction and a Pass with Merit are equivalent to a First Class in a Classified Tripos.

EXM_05: Final Medical and Veterinary examination results by gender, 2012

	Pass with Distinction				Pa	ss			Other r	results		Total				
	Men		Men Women		Men Women		nen	Men		Women		Men		Women

Centrale Paris					
Engineering Tripos Part IIA, students away at the	-	0.0%	1	100.0%	1
National University of Singapore					
Law students at Paris II (Fourth year)	2	28.6%	5	71.4%	7
Total	14	58.3%	10	41.7%	24

Notes on Tables EXM_05 and EXM_06:

- 1) 'The 'Other results' category in Table EXM_05 includes candidates for Part II and Part III of the Final M.B. Examination who failed to pass one or more of the components of those Parts.
- 2) In table EXM 05: if by 31 July a candidate successfully re-sat all components of the examination, their results are included in the 'Pass' category. Otherwise their results are included in the 'Other results' category.
- 3) Table EXM_06 provides the results for students who have spent the year studying at the Massachusetts Institute of Technology, National University of Singapore, Ecole Centrale Paris or studying in Paris as part of the Law Double Maîtrise qualification.

2010-11 DG_01 and DG_01a

DG_01: Number of degrees conferred, 2010-11

Doctor of Law	4
Doctor of Medicine	7
Doctor of Science	5
Doctor of Letters	3
Doctor of Philosophy	1,090
Doctor of Engineering	1
Master of Law	189
Master of Science	7
Master of Letters	2
Master of Research	6
Master of Philosophy	1,377
Master of Mathematics	77
Master of Advanced Study	90
Master of Engineering	299
Master of Business Administration	203
Master of Finance	26
Master of Education	151
Master of Natural Sciences	281
Master of Studies	87
Bachelor of Medicine	153
Bachelor of Surgery	152
Bachelor of Veterinary Medicine	62
Bachelor of Music	2
Bachelor of Arts	3,361
Bachelor of Theology for Ministry	23
Total	7,658

DG_01a: Number of degrees conferred, 2011-12

Doctor of Law	1
Doctor of Medicine	7
Doctor of Science	8
Doctor of Letters	2
Bachelor of Divinity	1
Doctor of Philosophy	1,035
Master of Surgery	1
Master of Law	165
Master of Science	9
Master of Letters	4
Master of Research	24
Master of Philosophy	1,479
Master of Music	9
Master of Mathematics	86
Master of Advanced Study	122
Master of Engineering	328
Master of Business Administration	207
Master of Finance	30
Master of Education	198
Master of Natural Sciences	299
Master of Studies	112
Bachelor of Medicine	152
Bachelor of Surgery	159
Bachelor of Veterinary Medicine	56
Bachelor of Arts	3,331
Bachelor of Theology for Ministry	22
Total	7,847

Notes on Tables DG_01 and DG_01a:

degrees are counted separately in the above tables.

These tables do not include information about some of the qualifications that are awarded rather than conferred, for example the Postgraduate Certificate in Education (P.G.C.E.).
 Students can confirm more than one degree at the time, e.g. Bachelor of Arts and Master of Engineering/Mathematics/Natural Sciences for students on integrated Masters degrees or Bachelor of Medicine and Bachelor of Surgery for clinical medicine students. In such cases both

³⁾ Post Doctorate awards as well as Doctorates awarded by special regulation are not included in these tables.

2010-11 DG_02 and DG_02a

DG_02: Number of qualifications completed, 2010-11

Doctor of Philosophy	1,090
Doctor of Engineering	1
Certificate of Postgraduate Study	8
Master of Law	195
Master of Science	7
Master of Letters	1
Master of Research	7
Master of Philosophy	1,444
Master of Mathematics	77
Master of Advanced Study	181
Master of Engineering	296
Master of Business Administration	210
Master of Finance	25
Master of Education	159
Postgraduate Certificate of Education	409
Diploma	26
Master of Natural Sciences	281
Master of Studies	79
Bachelor of Medicine	152
Bachelor of Surgery	152
Bachelor of Veterinary Medicine	61
Bachelor of Music	2
Bachelor of Arts	3,354
Bachelor of Theology for Ministry	28
Total	8,245

DG_02a: Number of qualifications completed, 2011-12

Doctor of Philosophy	1,031
Certificate of Postgraduate Study	10
Master of Law	159
Master of Science	11
Master of Letters	5
Master of Research	36
Master of Philosophy	1,550
Master of Music	18
Master of Mathematics	86
Master of Advanced Study	148
Master of Engineering	325
Master of Business Administration	215
Master of Finance	33
Master of Education	197
Postgraduate Certificate of Education	409
Diploma	35
Master of Natural Sciences	297
Master of Studies	124
Bachelor of Medicine	159
Bachelor of Surgery	159
Bachelor of Veterinary Medicine	56
Bachelor of Arts	3,304
Bachelor of Theology for Ministry	29
Total	8,396

Notes on Tables DG_02 and DG_02a:

- 1) Completion of the degree indicates that the candidate successfully fulfilled all academic requirements for their degree and can therefore proceed to having the degree conferred or awarded. It does not mean that the candidate has necessarily had the degree conferred or awarded thus there is a discrepancy between the numbers given in Tables DG_01/DG_01a and DG_02/DG_02a.
- 2) Students can complete more than one degree at the time, e.g. Bachelor of Arts and Master of Engineering/Mathematics/Natural Sciences for students on integrated Masters degrees or Bachelor of Medicine and Bachelor of Surgery for clinical medicine students. In such cases both degrees are counted separately in the above tables.
- 3) Post Doctorate and Higher Doctorate awards as well as Doctorates awarded by special regulation are not included in these tables.

Appendix 1 Changes to 2011-12 tables

1. Tables removed from 2011-12 publication

The following tables that were present in 2010-11 publication were removed from 2011-12 Student Statistics publication:

2010-11 table	Notes on changes				
Time series table	Fime series tables				
TS_05	Full-time equivalent (FTE) student load by gender – all load data will now be presented on the PRAO's website				
TS_06	Full-time equivalent (FTE) student load by Arts/Science – all load data will now be presented on the PRAO's website				
TS_07	Full-time equivalent (FTE) student load by school – all load data will now be presented on the PRAO's website				
Load tables - all I	oad data will now be presented on the PRAO's website.				
Bio-demographic	Bio-demographic tables				
BIO_23	Table presenting breakdown of undergraduate students by age at 1 December census date has been removed.				
BIO_25	Table presenting breakdown of postgraduate students by age at 1 December census date has been removed.				

2. Tables added to 2011-12 publication

The following new tables were introduced in 2011-12 Student Statistics publication:

2011-12 table	Notes on changes
Undergraduate ta	ables
UG_HC_05a	New table provides a breakdown by fee eligibility and subject for pre-clinical medical and veterinary students.
UG_HC_09	New table provides a breakdown by age group and highest qualification on entry for current intake students.
Postgraduate tak	oles
PG_HC_01	New table provides a breakdown by mode of study, level of study and faculty/department for all postgraduate students.
PG_HC_02	New table provides a breakdown by mode of study, level of study and faculty/department for all current intake postgraduate students.
PG_HC_03	New table provides a breakdown by level of study and gender for all postgraduate students.
PG_HC_04	New table provides a breakdown by level of study and gender for all current intake postgraduate students.
PG_HC_05	New table provides a breakdown by level of study and fee eligibility for all postgraduate students.
PG_HC_06	New table provides a breakdown by level of study and fee eligibility for all current intake postgraduate students.

Colleges tables	
COL_HC_13	New table provides a breakdown by mode of study and level of study for postgraduate students.
COL_HC_14	New table provides a breakdown by mode of study and level of study for current intake postgraduate students.
COL_HC_15	New table provides a breakdown by term-time accommodation for full-time students.
Bio-demographic	tables
BIO_13	New table provides a breakdown by ethnicity and gender for full-time current intake students.
BIO_14	New table provides a breakdown by ethnicity and gender for part-time current intake students.
BIO_17	New table provides a breakdown by ethnicity and UK domicile for full-time current intake students.
BIO_18	New table provides a breakdown by ethnicity and UK domicile for part-time current intake students.
BIO_21	New table provides a breakdown by disability and gender for full-time current intake students.
BIO_22	New table provides a breakdown by disability and gender for part-time current intake students.
BIO_25	New table provides a breakdown by disability and UK domicile for full-time current intake students.
BIO_26	New table provides a breakdown by disability and UK domicile for part-time current intake students.
BIO_32	New table provides a breakdown by age at time of admission for current intake undergraduate students.
BIO_34	New table provides a breakdown by age at time of admission for current intake postgraduate students.
Degree tables	
DG_01a	New table provides number of degrees conferred for the current academic year.
DG_02a	New table provides number of degrees completed for the current academic year.

3. Tables modified in 2011-12 publication

The content of some existing 2010-11 tables have been modified in 2011-12. The list below provides details of the changes and the methods of mapping numbers from 2010-11 tables to 2011-12 tables and vice versa.

2010-11	2011-12	Notes on changes
tables	tables	
Undergradua	te tables	
UG_HC_03ii	UG_HC_08	2010-11 Table UG_HC_03ii has been expanded to include matriculated undergraduate students of all age, not only mature student. The new table UG_HC_08 does not provide a gender breakdown, instead it provides the highest qualification on entry breakdown for all students. The total of 'Mature' column in 2011-12 Table UG_HC_08 equals the total in 2010-11 Table UG_HC_3ii.
Colleges table	es	
COL_HC_03	COL_HC_03 and COL_HC_04	2010-11 Table COL_HC_03 has been split into two tables (COL_HC_03 and COL_HC_04) to present data for full-time and part-time students separately. The sum of totals of 2011-12 Tables COL_HC_03 and COL_HC_04 equals totals in 2010-11 Table COL_HC_03.
COL_HC_04	COL_HC_05 and COL_HC_06	2010-11 Table COL_HC_04 has been split into two tables (COL_HC_05 and COL_HC_06) to present data on full-time and part-time students separately. The sum of totals of 2011-12 Tables COL_HC_05 and COL_HC_06 equals totals in 2010-11 Table COL_HC_04.
COL_HC_05	COL_HC_07 and COL_HC_08	2010-11 Table COL_HC_05 has been split into two tables (COL_HC_07 and COL_HC_08) to present data on full-time and part-time students separately. The sum of totals of 2011-12 Tables COL_HC_07 and COL_HC_08 equals totals in 2010-11 Table COL_HC_05.
COL_HC_06	COL_HC_09 and COL_HC_10	2010-11 Table COL_HC_06 has been split into two tables (COL_HC_09 and COL_HC_10) to present data on full-time and part-time students separately. The sum of totals of 2011-12 Tables COL_HC_09 and COL_HC_10 equals totals in 2010-11 Table COL_HC_06.
COL_HC_09	COL_HC_03, COL_HC_04	Mode of study breakdown by gender can be found in 2011-12 Tables COL_HC_03 (full-time students) and COL_HC_04 (part-time students).
COL_HC_10	COL_HC_06	Mode of study breakdown by gender for current intake students can be found in 2011-12 Tables COL_HC_05 (full-time students) and COL_HC_06 (part-time students).
Bio-demogra		
BIO_05- BIO_08	BIO_05- BIO_08	In 2011-12 tables domicile data are presented separately for countries within the United Kingdom.

4. Mapping of changed table reference codes

For a number of tables the content has not been altered but their reference code have changed nonetheless. The table below provides a mapping for such tables between 2010-11 and 2011-12 publications.

2010-11	2011-12
tables	tables

Appendix 2 Definition of undergraduate and postgraduate students

This list is current for 2011–12 (see Statutes and Ordinances).

1. Undergraduate

Students studying for the following degrees: B.A., B.Th., M.Eng., M.Sci., M.Math., Mus.B., M.B./B.Chir. and Vet.M.B.

Students reading Triposes who will not be awarded a qualification:

- incoming undergraduate students on the ERASMUS exchange scheme;
- incoming undergraduate students on the MIT exchange scheme;
- incoming undergraduate students on the NUS exchange scheme;
- · other visiting students reading Triposes;
- Cambridge graduate students reading Triposes.

2. Postgraduate

Students studying for:

• Degrees:

Ph.D., Ed.D., M.Litt., M.Sc., M.Phil., M.Res., M.St., LL.M.*, M.B.A.*, M.Ed.*, M.Fin.*, M.A.St.* and M.Mus.*.

• Diplomas:

Economics

International Law

Legal Studies

Conservation of Easel Paintings*

Theology and Religious Studies*

Certificates:

Certificate of Postgraduate Study (C.P.G.S.)

Postgraduate Certificate in Education (P.G.C.E.)*

Students registered as Probationary Ph.D.

Registered graduate students who will not be awarded a qualification:

- incoming postgraduate students on the ERASMUS exchange scheme;
- other visiting postgraduate students.

^{*} Courses for which students are not registered as graduate students (see section 4.1 of the notes on p. 4).

Appendix 3 Definition of taught and research courses

Undergraduate

All undergraduate courses are classified as *taught* according to HEFCE definitions.

Postgraduate
