University Examinations 1998

Notes on Statistical Tables

1. The statistics include candidates for Tripos, Qualifying, and Preliminary examinations whether undergraduates, Affiliated Students or graduates, and candidates for the LL.M.
2. The statistics exclude candidates who took examinations as candidates 'not for honours' (with the exception of Part III of the Mathematical Tripos), candidates who have received allowances made by the Applications Committee of the Council; and candidates for the following:-
 - (i) Diploma and Certificate examinations
 - (ii) Oral examinations in Modern Languages
 - (iii) Mus. B. examination
 - (iv) M.B. and Veterinary M.B. examinations
 - (v) Unclassified preliminary examinations (in History, Classics, Social and Political Sciences, Theological and Religious Studies and Economics) and the Qualifying Examination in Education. These are shown on separate tables so that they shall not affect the percentages in the general tables.
3. In Part III of the Mathematical Tripos, Part II of the Manufacturing Engineering Tripos, Part II of the Electrical and Information Sciences Tripos, and Part IIB of the Engineering Tripos a pass with distinction has been counted as Class I, a pass as Class II, division i. This applies whether or not the candidate is a candidate for honours.
4. The class obtained in each language by candidates entered for two languages for Part IA of the Modern and Medieval Languages Tripos has been counted as a half class.
5. The Heading OTHER includes (but does not differentiate):-
 - (i) Candidates who failed their examinations
 - (ii) Honours candidates who have received an allowance from the Examiners (but NOT the Council - see 2 above).
 - (iii) Candidates about whom an application has been submitted to the Applications Committee but who have not yet received an allowance.
5. Please notes that these statistics are provided for internal purposes only. Information relating to specific Colleges may not be released without their consent. Tables giving figures for the whole University will be published in the *Reporter* in August and may then be released outside the University with suitable acknowledgement.

Notes:

- The introduction of Part IA of the Natural Sciences Tripos and of the Medical Sciences Tripos in 1966 accounts for the large increase in the undivided Second Class
- Candidates who were taking examinations as candidates 'not for honours' and candidates receiving allowances from the Applications Committee of the Council of the Senate were excluded from the 1972 statistics (and thereafter) although they had been included in previous years. Candidates for the LL.B Examination were included in 1972 for the first time. Candidates for the B.Ed. Degree were excluded from the statistics for the years 1972-79 inclusive, but, with the introduction of the Education Tripos, have been included from 1980.

Examination Results 1960-98

The graph shows the best fit line for each classification

N.B. The above graph does not include Others and Class II (Undivided)

University Examinations 1998

Notes on Statistical Tables

1. The statistics include candidates for Tripos, Qualifying, and Preliminary examinations whether undergraduates, Affiliated Students or graduates, and candidates for the LL.M.
2. The statistics exclude candidates who took examinations as candidates 'not for honours' (with the exception of Part III of the Mathematical Tripos), candidates who have received allowances made by the Applications Committee of the Council; and candidates for the following:-
 - (i) Diploma and Certificate examinations
 - (ii) Oral examinations in Modern Languages
 - (iii) Mus. B. examination
 - (iv) M.B. and Veterinary M.B. examinations
 - (v) Unclassified preliminary examinations (in History, Classics, Social and Political Sciences, Theological and Religious Studies and Economics) and the Qualifying Examination in Education. These are shown on separate tables so that they shall not affect the percentages in the general tables.
3. In Part III of the Mathematical Tripos, Part II of the Manufacturing Engineering Tripos, Part II of the Electrical and Information Sciences Tripos, and Part IIB of the Engineering Tripos a pass with distinction has been counted as Class I, a pass as Class II, division i. This applies whether or not the candidate is a candidate for honours.
4. The class obtained in each language by candidates entered for two languages for Part IA of the Modern and Medieval Languages Tripos has been counted as a half class.
5. The Heading OTHER includes (but does not differentiate):-
 - (i) Candidates who failed their examinations
 - (ii) Honours candidates who have received an allowance from the Examiners (but NOT the Council - see 2 above).
 - (iii) Candidates about whom an application has been submitted to the Applications Committee but who have not yet received an allowance.
5. Please notes that these statistics are provided for internal purposes only. Information relating to specific Colleges may not be released without their consent. Tables giving figures for the whole University will be published in the *Reporter* in August and may then be released outside the University with suitable acknowledgement.

Notes:

- The introduction of Part IA of the Natural Sciences Tripos and of the Medical Sciences Tripos in 1966 accounts for the large increase in the undivided Second Class
- Candidates who were taking examinations as candidates 'not for honours' and candidates receiving allowances from the Applications Committee of the Council of the Senate were excluded from the 1972 statistics (and thereafter) although they had been included in previous years. Candidates for the LL.B Examination were included in 1972 for the first time. Candidates for the B.Ed. Degree were excluded from the statistics for the years 1972-79 inclusive, but, with the introduction of the Education Tripos, have been included from 1980.

Examination Results 1960-98

The graph shows the best fit line for each classification

N.B. The above graph does not include Others and Class II (Undivided)
